Letter of Recommendation: Samantha Rice

To Whom It May Concern:

I am pleased to present this letter of recommendation for Samantha Rice. Samantha was employed at Blue Ridge Hospice in Winchester, Virginia for the past three years as a Marketing Intern. In this position, Samantha supported all of the special events with our marketing department. She participated in mailings, registrations, data base administration and all components of events planning.

Her job performance in all areas was exemplary. She demonstrated a professional demeanor at all times, her work output exceeded expectations and she always worked hard on behalf of our patients and their families receiving hospice care.

I recommend Samantha without reservation for any position that requires her skill set and would be available to provide any additional information.

Sincerely,

  
Ernest J. Carnevale, Jr.  
President and CEO
